1-Week Growth Executive Roadmap

Days 1-2: Trust & Mobile Foundation

Begin by resolving no click-to-call / instant contact (high-intent phone leads drop off on mobile browsers.) alongside missing local business schema to instantly secure mobile traffic and local visibility.

Days 3-5: Conversion & Lead Capture

Focus on implementing missing mobile sticky cta and zero above-the-fold social proof to actively convert high-intent visitors before they abandon the page.

Days 6-7: Performance & Security Polish

Finalize the sprint by addressing missing exit-intent lead capture and missing ssl / security badges to ensure maximum trust and technical readiness.
